## Education

**University of California, Santa Cruz**, USA
Ph.D., Computer Science — June 2024 *(Expected)*

**National Taiwan University**, Taiwan
M.S., Computer Science and Information Engineering — July, 2018
Thesis: *A Unified RvNN Framework for End-to-End Chinese Discourse Parsing*
Advisor: Prof. Hsin-Hsi Chen

**National Taiwan University**, Taiwan
B.S., Computer Science and Information Engineering — June, 2016

## Research Experience

**National Taiwan University** — September 2018-2019
Automatic Metaphor Detection and Interpretation
Chinese Discouse Parsing

## Teaching Experience

**National Taiwan University**
*Teaching Assistant*
Algorithm Design and Analysis — Fall 2016
Probability and Statistics — Spring 2015

## Interests

- Natural Language Processing
- Computational Linguistics

## Relevant Coursework

**Natural Language Processing and Linguistics**: Natural Language Processing, Advanced Topics in Natural Language Processing, Ontologies
**Machine Learning and AI:** Machine Learning, Artificial Intelligence
**Algorithms and Computational Theories:** Design Strategies for Computer Algorithms, Computing Theory, Advanced Algorithms

## Software Skills

**Programming:** C, C++, Python
**Other:** Pytorch, MATLAB, LaTeX, Git

## Honors and Awards

- Full Scholarship for Government Sponsorship of Overseas Study, 2018

## Publications

1. Chuan-An L, Hen-Hsen H, Zi-Yuan C, Hsin-Hsi C. 2018. A Unified RvNN Framework for End-toEnd Chinese Discourse Parsing. Proceedings of the 27th International Conference on Computational Linguistics: System Demonstrations

## Activities

- Coordinator, Autism Teen Service Camp, Star Rain Autism Service Club, National Taiwan University, 2018
- Trainer for new members, Star Rain Autism Service Club, National Taiwan University, 2018
- Childcare Volunteer for autistic children, Chain Drama Therapy Studio, 2017
- Volleyball Player, $6^{th}$ All Star Game, National Taiwan University , 2016
